Some words about terminology

Target Traffic

Internet users interested in a current product (goods or service).

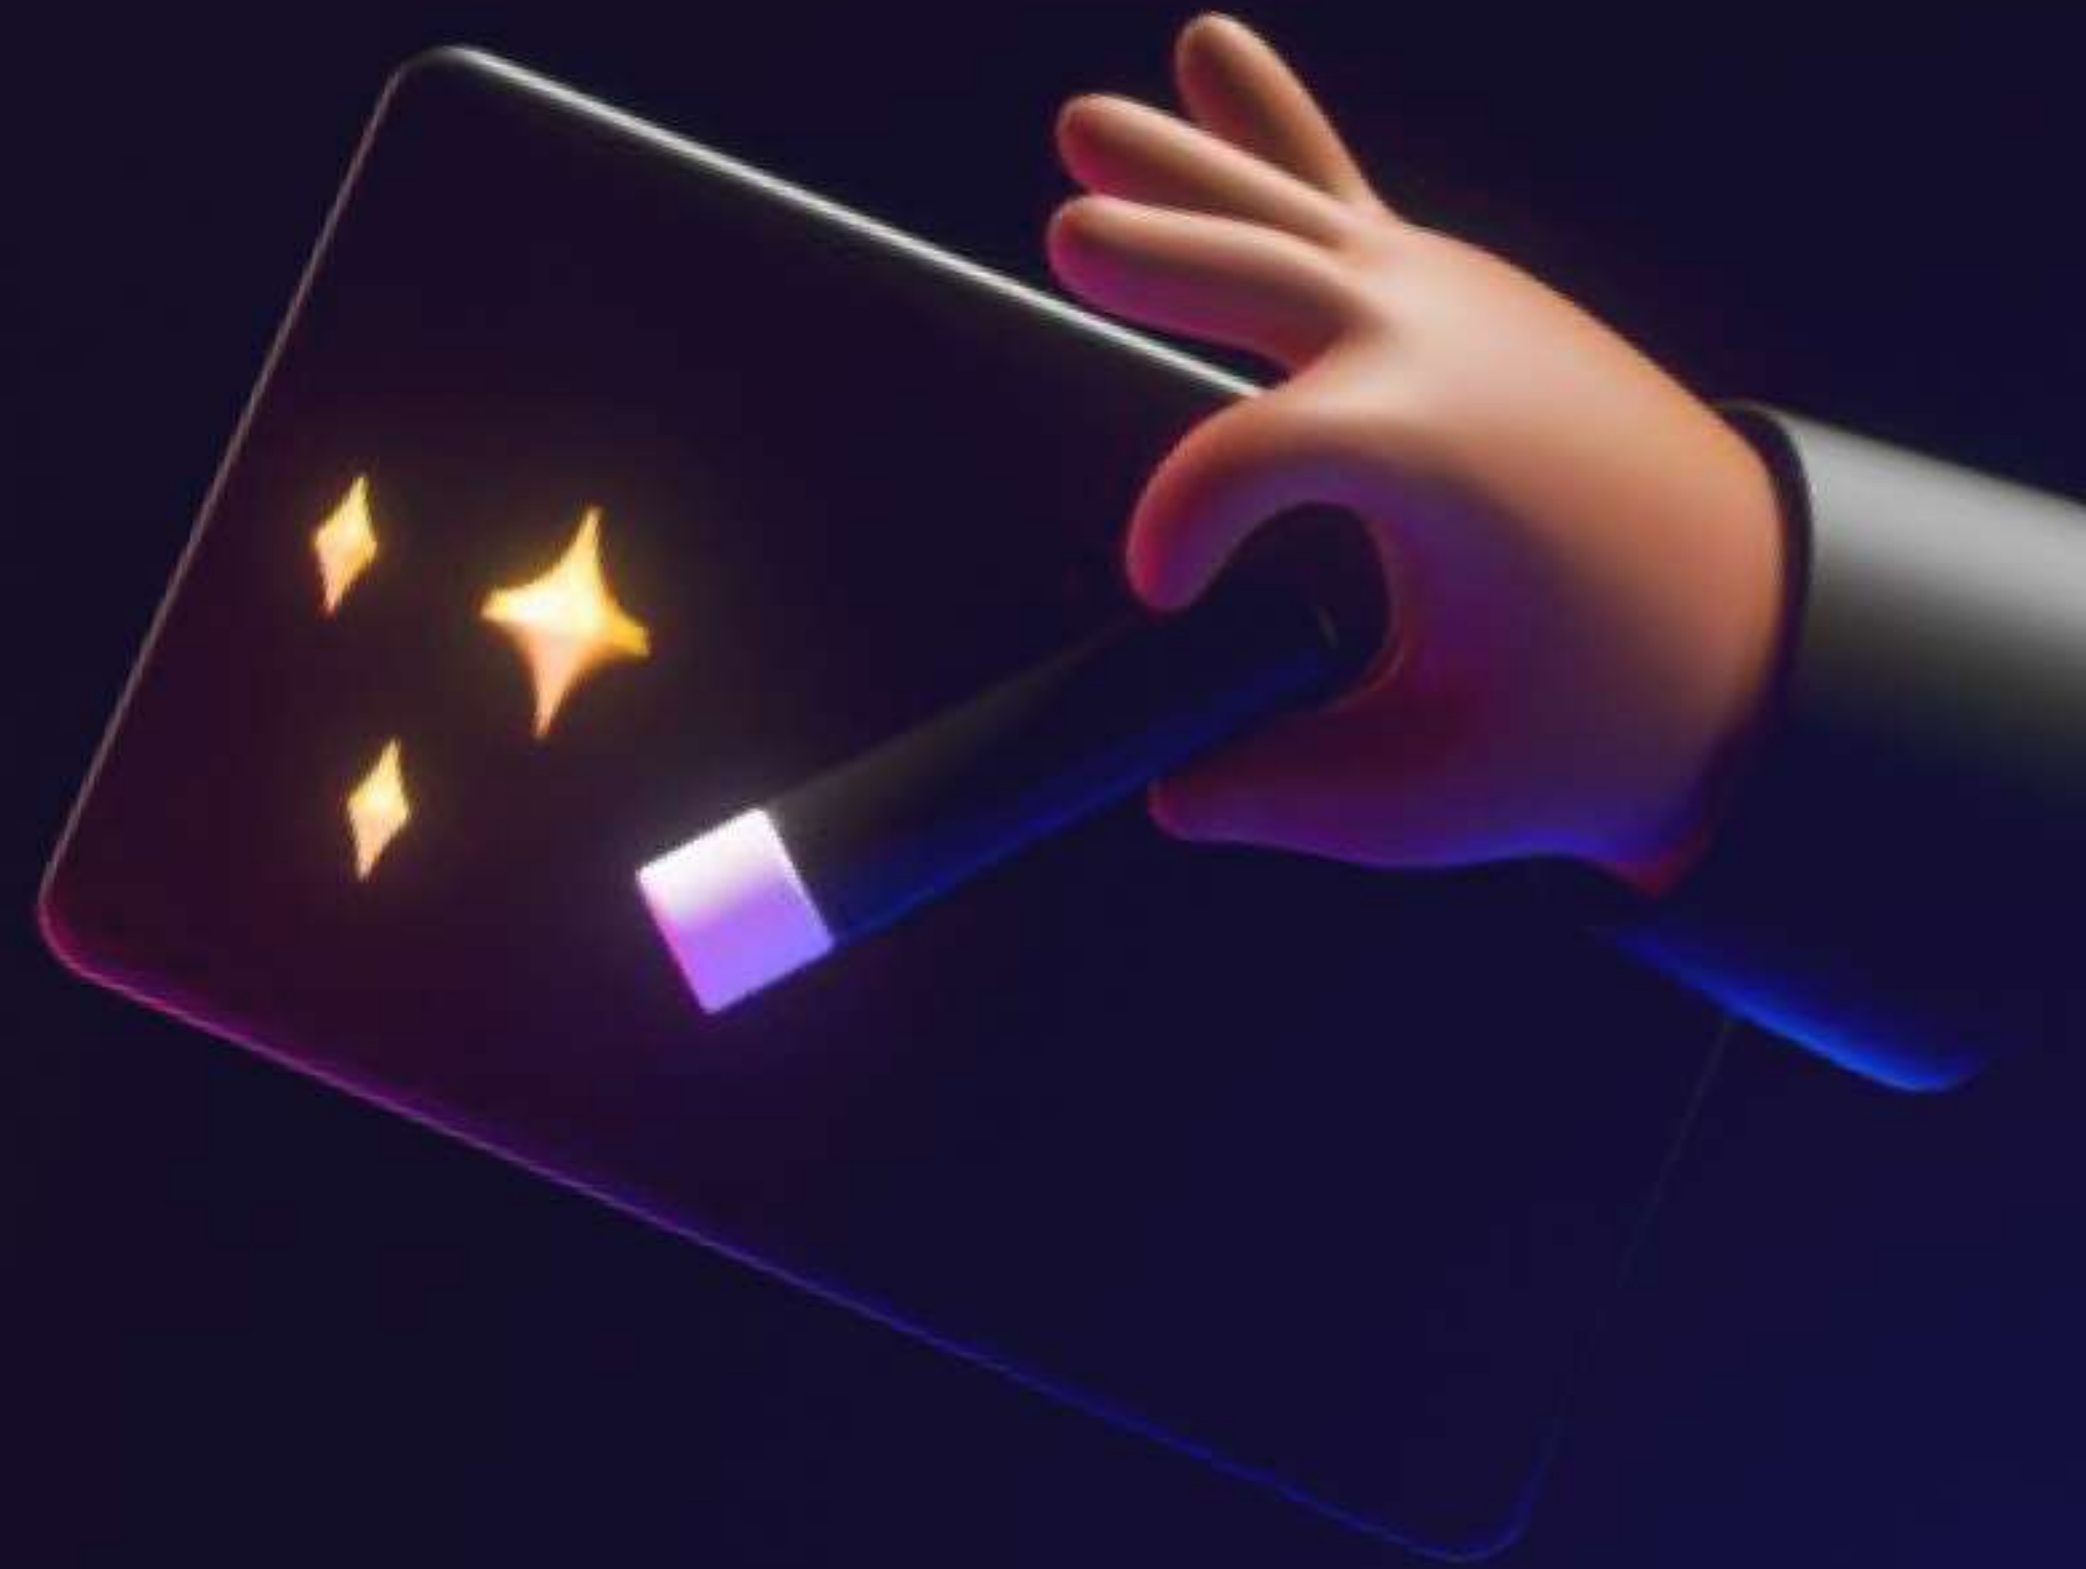

Traffic Arbitrage or Media Buying

It's a kind of online business, which specialized in purchase and following resale of targeted traffic on more favorable terms.

In other words

We buy it cheaper and sell it more costly. This difference called the profit from traffic arbitrage.

HOW IT WORKS?

The European betting site «bet365.com» pays a commission of **100\$** on an individual media buying system for inviting and registering a new user who's made a deposit of \$10 or more.

The arbitrage team spends an average of **20-40\$** to attract this user, depending on the advertising platform and technical factors of the market. The profit from one of invited user can be **60-80\$**.

WHEN IT'S 10 000 INVITED USERS:

Expenses

200 000\$ - 400 000\$

Profit

600 000\$ - 800 000\$

WHY IS IT POSSIBLE?

Hundreds of large companies from all over the world are willing to pay well for inviting new customers who will consume their product.

ALL PARTIES GET BENEFITS FROM SUCH COOPERATION:
